Julie and I both thought it was a wonderful evening and we are very grateful that the Nehru Centre did put Cardiff and Wales on the list of major centres for the amazing Geeta Chandra to perform in. We may not have the sheer numbers in the Indian community in Wales that other cities have but what we may lack in quantity we certainly make up for in quality! When we host the one-dayer cricket match between England and India (I think that is in 2011) I think even more people in India will wake up to the potential of Wales for a more profound India-Wales relationship.

Julie was very pleased that the after-match supper was in her constituency at the Juboraj. They put on a wonderful spread.

Thanks again for inviting the two of us and pass our thanks on to the the Indian High Commission and the dance team.

Dear Keshav

Thank you very much for your kind words. Gayna and I enjoyed the evening very much especially the innovative way that the classical Indian dance was combined with a very western classical theme in relation to the Four Seasons.

Please do not hesitate if I can assist you and the Indian Centre in the future. As I said on the evening, the Indian Community is very well respected within Wales and especially within Cardiff and I think it is very important that we as the Police Service work with and support such a law abiding community.

Hope too see you in the very near future.

From Molly Owen

Thank you very much for taking the trouble to send your splendid photographs of the Republic Day Anniversary.

David joins me in expressing our appreciation for inviting us to a delightful evening of Bharatnatyam dance. Geeta Chandran and her troupe were outstanding. It was fascinating to see how they blended the particular style of Indian dance so beautifully to Tchaikovsky's music in their finale performance.

Would you kindly convey our thanks to the High Commission and to all those concerned. We send our best wishes for future developments in Cardiff.

With kind regards

Molly and David Owen

Dear Keshav saab,
You indeed have a very long life. I was just in the middle of sending you a thank you note. Natasha and I had a wonderful time, on Saturday. It was an enchanting evening and I certainly hope with your support we will be able to create a similar event at the Assembly, as discussed. Kind Regards to Poonam ji

Best wishes

Dear Keshav,

Many thanks for the privilege of attending such an exciting evening of dance and being part the celebration of the 60th anniversary of Indian Independence : I was honoured to be asked to say a few words, and I am pleased that India and its heritage is being celebrated in Cardiff on a regular basis nowadays.

I thoroughly enjoyed the evening, which was of an incredibly high standard and has indelibly imprinted the standard of Indian dance in my mind.

The performances were stunning, not just in terms of the best of Indian traditional dance but in terms of modern dance and the creative blending of Western and Indian traditions in such an imaginative and creative way. Seeing one of the world's leading dancers in person was memorable indeed. She is an enormously impressive individual as well as a superb dancer and choreographer.

Congratulations too on the success of the collection to help in the fight against polio worldwide.

Thank you for the privilege of being your guest.

Best wishes

Alun

Mr Singhal

I would just like to thank you for kindly inviting myself and my friend to the Dance Performance on Saturday night. Having never attended one before we were mesmerised by the talent of the dancers. I would also like to add that I thought it was a wonderful gesture to launch the appeal to eradicate Polio from the world I know a lot of people were touched by this.

Please forward my thanks to the High Commissioner of India for allowing us the privilege of such an entertaining evening

Thank you very much indeed for including me in the India Centre's generous hospitality on Saturday. I am so glad to have seen the dancing, which was most inspiring in so many ways, and to have been part of your celebrations for the 60 years of the Republic. It was also a treat to have the meal in the Juboraj. Apart, from the problems with the stage and the heating, I hope you were pleased with the success of the evening.

I look forward to seeing you at the Museum tomorrow.

Best wishes,

Dear Keshav and Raj,

Just to say how much I enjoyed attending the evening with Geeta Chandran and The Natya Vriksha Dance Company. It was a spectacular event. You must be so proud of the success.

I feel privileged to attend events of this prestige. The cultural events and the Nehru lectures which you organise are a credit to the Indian community, and a pleasure for those like myself who serve your community and are invited to attend.

Many many thanks.

Keshav, just a note of thanks for all the marvels of last night. I am sure you must be gratified by the high level of turn out, and that on an international night! The standard of the dancing was so high, I was quite enthralled by it in every way. It was also thanks to you that we had such an impressive venue, the reception alone was a tour de force. I heard many people talking about it in the street afterwards, and the comments were all completely positive and enthusiastic.

I am rapidly learning that India Centre events are not to be missed, and this is in no small way down to your superb organisational skills. It was a pity my bad back and attendant cold prevented me from the last event. Incidentally I am looking forward to attending the Raj night on 6th March and will be liaising with Akram very soon on that. Hopefully I will see you there if not before.

Many congratulations for your appointment as a Trustee to the National Museum, Wales does not have that many honours to bestow locally and that is a very great one.

Yours

Keshav,

Thank you so much for a wonderful evening; it was a real treat that both Jane and I thoroughly enjoyed. My congratulations to all those involved with staging and arranging the event as clearly you had some major challenges to attend with; and I know from personal experience the commitment and professionalism required to turn those challenges around. I wish you every continued success with your celebratory programme for the year.

Kind regards

Dear Keshav,

Thank you for the invitation for the above celebration.

The event was clearly well supported by the numbers in the Theatre and they would not have been disappointed with the fantastic display of dance and music. Clearly a lot of work had gone into the evening and I am sure the Deputy High Commissioner must have been impressed with the reception he received in Cardiff.

The evening was a great credit to you and the local Indian community.

Many thanks
